**FORM 2**  
**MCH BUDGET DETAILS FOR FY 2010**

[Secs. 504 (d) and 505(a)(3)(4)]

**STATE: GU**

**1. FEDERAL ALLOCATION**

(Item 15a of the Application Face Sheet [SF 424])  
Of the Federal Allocation (1 above), the amount earmarked for:

\$ 763,197

A.Preventive and primary care for children:

\$ 228,959 ( 30%)

B.Children with special health care needs:

\$ 228,959 ( 30%)

(If either A or B is less than 30%, a waiver request must accompany the application)[Sec. 505(a)(3)]

C.Title V administrative costs:

\$ 76,319 ( 10%)

(The above figure cannot be more than 10%)[Sec. 504(d)]

**2. UNOBLIGATED BALANCE** (Item 15b of SF 424)

\$ 0

**3. STATE MCH FUNDS** (Item 15c of the SF 424)

\$ 572,398

**4. LOCAL MCH FUNDS** (Item 15d of SF 424)

\$ 0

**5. OTHER FUNDS** (Item 15e of SF 424)

\$ 0

**6. PROGRAM INCOME** (Item 15f of SF 424)

\$ 0

**7. TOTAL STATE MATCH** (Lines 3 through 6)

(Below is your State's FY 1989 Maintenance of Effort Amount)

\$ 0

\$ 572,398

**8. FEDERAL-STATE TITLE V BLOCK GRANT PARTNERSHIP (SUBTOTAL)**

(Total lines 1 through 6. Same as line 15g of SF 424)

\$ 1,335,595

**9. OTHER FEDERAL FUNDS**

(Funds under the control of the person responsible for the administration of the Title V program)

a. SPRANS: \$ 0

b. SSDI: \$ 0

c. CISS: \$ 0

d. Abstinence Education: \$ 0

e. Healthy Start: \$ 0

f. EMSC: \$ 0

g. WIC: \$ 0

h. AIDS: \$ 0

i. CDC: \$ 0

j. Education: \$ 0

k. Other: \$ 0

\$ 0

\$ 0

**10. OTHER FEDERAL FUNDS** (SUBTOTAL of all Funds under item 9)

\$ 0

**11. STATE MCH BUDGET TOTAL**

(Partnership subtotal + Other Federal MCH Funds subtotal)

\$ 1,335,595

## FORM NOTES FOR FORM 8

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. But total births for 2008 were reported on time but no other data was provided at this time.

The DPHSS are in the process in working on a pilot study between GMHA, DPHSS, and GEHID Child Link program, to assist the DPHSS in establishing Electronic Birth Certificates.

The Guam does not have all data available at this time. Title XIX collects total number of clients by age but race or by country are not collected individually but by families. The Title V program does collect the clients race but the unduplicated count is not available at this time. The DPHSS are working to have one program to assist us in Data Collection program at Central Public Health so that all forms can type all required questions so we can have a system that will collect all necessary criteria for all grants and help the needs of the family.

### FIELD LEVEL NOTES

**1. Section Number:** Form8\_I. Unduplicated Count By Race

**Field Name:** DeliveriesTotal\_All

**Row Name:** Total Deliveries in State

**Column Name:** Total All Races

**Year:** 2010

**Field Note:**

The data for 2006, 2007, and 2008 births has not been keyed into the Vital Statistics data files. The 2006 birth year has only had 50%% of records keyed, and 2007 and 2008 has not been started. The primary reason is a continuing lack of staff support for data entry, as well as a continuing lack of staff for the Office of Vital Statistics. In addition to the 20% vacancy rate the Office has had since 1999, they were given additional duties in January 2007 which to now manage marriage license applications, so the time had for keying of data is now being taken for additional duties. During 2008 and portion of 2009, for short and sporadic periods, the Office has been able to gain some help from other sections of the department from Word Processors but they were assign to key in data only counter service. The BFHNS staff did attempt in assisting the Office but due to lack of nursing and clerical staff the bureau were not able to fully assist the Office of Vital Statistics at this time. They are still looking at hiring more staff but awaiting funding in the program. The DPHSS and the Office of Vital Statistics are in the process of meetings with other agencies and programs in reviewing future plans on developing electronic Birth Certificates.

The Office of Vital Statistics were able to give us the Total births in 2008 but are not able to break them down to ethnicity or race at this time, so data is not available at this time.

**2. Section Number:** Form8\_I. Unduplicated Count By Race

**Field Name:** DeliveriesTotal\_White

**Row Name:** Total Deliveries in State

**Column Name:** White

**Year:** 2010

**Field Note:**

Data not available for 2008, Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. But total births for 2008 were reported on time but no other data was provided at this time.

**Field Name:** DeliveriesTitleV\_TotalNotHispanic

**Row Name:** Title V Served

**Column Name:** Total Not Hispanic or Latino

**Year:** 2010

**Field Note:**

The data for 2006, 2007, and 2008 births has not been keyed into the Vital Statistics data files. The 2006 birth year has only had 50%% of records keyed, and 2007 and 2008 has not been started. The primary reason is a continuing lack of staff support for data entry, as well as a continuing lack of staff for the Office of Vital Statistics. In addition to the 20% vacancy rate the Office has had since 1999, they were given additional duties in January 2007 which to now manage marriage license applications, so the time had for keying of data is now being taken for additional duties. During 2008 and portion of 2009, for short and sporadic periods, the Office has been able to gain some help from other sections of the department from Word Processors but they were assign to key in data only counter service. The BFHNS staff did attempt in assisting the Office but but due to lack of nursing and clerical staff the bureau were not able to fully assist the Office of Vital Statistics at this time. They are still looking at hiring more staff but awaiting funding in the program. The DPHSS and the Office of Vital Statistics are in the process of meetings with other agencies and programs in reviewing future plans on developing electronic Birth Certificates.

Due to the pending Official Total Births in 2008, the count fo Title V served is estimated to be 1,116 served but this count is still non-official at this time.and also is the ethnicity is an estimated count..

**TITLE V MATERNAL & CHILD HEALTH SERVICES BLOCK GRANT**  
**STATE PROFILE FOR FY 2010**  
[SEC. 506(A)(1)]  
**STATE: GU**

1. State MCH Administration:  
(max 2500 characters)

The Guam Title V Maternal and Child Health (MCH) and Children with Special Health Care Needs (CSHCN) Program is administered as one integrated program within the Bureau of Family Health & Nursing Services, Division of Public Health and Social Services (DPHSS). The DPHSS is headed by the Director of Public Health and Social Services. The Director's position is a cabinet-level position within the Governor's Office. MCH/CSHCN Program is operated as a single organizational unit and serves as both the local and state agency. This single state agency is authorized to administer Title V funds and is responsible for both MCH and CSHCN services.

Block Grant Funds

2. Federal Allocation (Line 1, Form 2)	\$ 763,197
3. Unobligated balance (Line 2, Form 2)	\$ 0
4. State Funds (Line 3, Form 2)	\$ 572,398
5. Local MCH Funds (Line 4, Form 2)	\$ 0
6. Other Funds (Line 5, Form 2)	\$ 0
7. Program Income (Line 6, Form 2)	\$ 0
<b>8. Total Federal-State Partnership (Line 8, Form 2)</b>	<b>\$ 1,335,595</b>

9. Most significant providers receiving MCH funds:

a. Pregnant Women	3,342
b. Infants < 1 year old	1,365
c. Children 1 to 22 years old	3,946
d. CSHCN	753
e. Others	10,187

11. Statewide Initiatives and Partnerships:

a. Direct Medical Care and Enabling Services:  
(max 2500 characters)

Direct health care services are defined as basic health services that are generally defined as a "one-to-one", between a health professional and a client in any office, clinic or community health center. Basic services include what most consider being ordinary medical care, inpatient and outpatient services, allied health services, laboratory services, w-ray/ultrasound services, dental care and pharmaceutical products and services. The Title V program supports these services such as prenatal care child health, women's health immunization and family planning. Direct health care services also include health care services for children with special health care needs. For pregnant women, there are a number of system barriers that affect their ability to access care, as items such as food and housing take priority. There is a limited availability of maternity care providers willing to serve economically disadvantaged at-risk pregnant women and their children. There continues to be a need for enhance community-based support for families and children. These services need to be coordinated between public agencies and private program, so efficiently address the broad factors that can add to our overwhelmed clients, such as physical, mental, and emotional, cultural and social supports. With the Children with Special Health Care Needs, there is a urgent need for a greater capacity to handle home and community-based supports, from in-home nursing to personal care services to respite care, to flexible family funding for services and equipment, that lie outside those traditionally consider medically necessary.

b. Population-Based Services:  
(max 2500 characters)

Population-based services that are intended for and available to the entire population, not only for a selected group of individuals. Health promotion and disease prevention and outreach come under this heading. Oral health, injury prevention, nutrition and public education are topics, which also belong in this category. Women and children are a good example is population-based services, because they can receive care in both the public and private sectors, whether or not if they have insurance or not. There is great need for population-based services to meet the needs to reduce adolescent morbidity and mortality results, the services should focus on preventable reducing high-risk behaviors and develop behavioral choices by emphasizing both on building protective factors and developmental assets. The department and programs are starting to build a relationship and partnership with schools, youth-serving agencies, and programs that focus on assisting teens with building strengthens within them. Community-based services are being coordinated and planned with other bureaus on the different services that will provided and are also working on how effectively evaluate their services and resources provided in these events.

c. Infrastructure Building Services:  
(max 2500 characters)

Infrastructure-building services are defined as services that are directed at improving and maintaining the health status of a population. These services include the development and maintenance of the health systems, standards and guidelines, training, data and planning. Needs Assessments, evaluation, policy development, quality assurance information systems, and applied research are all within the infrastructure arena. Staff has started to develop the need to improve in data utilization, planning and evaluation. Within the Children with Special Health Care Needs program, there is a need for the continued and expanded collaboration with families in the ongoing assessment of need and evaluation of services and strategies to meet those needs; such collaboration, if accomplished, it will valuable through all levels of the pyramid.

**Field Level Notes****1. Section Number:** Form11\_Performance Measure #8**Field Name:** PM08**Row Name:****Column Name:****Year:** 2008**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. But total births for 2008 were reported on time but no other data was provided at this time.

GMHA also provide data on teenage mothers.

**2. Section Number:** Form11\_Performance Measure #8**Field Name:** PM08**Row Name:****Column Name:****Year:** 2006**Field Note:**

Loss of professional staff in the Chief Public Health Office and additional mandated responsibilities for the Office of Vital Statistics hampered data collection and analysis in Grant Year 2006. Additional computers for use by the Vital Statistics staff were prepared with the programs and databases needed for keying of birth, death, fetal death, marriage and divorce data. However, during the passage of the FY07 budget act, the responsibilities of marriage license registration were moved from the Department of Revenue and Taxation to the Office of Vital Statistics, to begin January 1, 2007. Unfortunately, no additional funding for staff, equipment, or supplies was budgeted, so the three existing permanent staff had to absorb the registration duties. Space previously used for keying data is now utilized for marriage license registration. The three computers which replaced older ones for vital statistics keying were eventually set up in a rear area of the office space. With the added duties and awkward placement of the computers, the Vital Statistics staff cannot easily move from responding to counter requests to keying data as they had in the past, and little to no keying was completed during the grant year. Requests for augmentation of staff have been answered with the part-time assistance of one person in the Community Work Eligibility Program (CWEP) administered by the Division of Public Welfare.

The Planner/Biostatistician transferred to another Division.

**PERFORMANCE MEASURE # 09**

Percent of third grade children who have received protective sealants on at least one permanent molar tooth.

**Annual Objective and Performance Data**

	2004	2005	2006	2007	2008

One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. Only provided the total number of births of 3466,

GMHA also provided number of women who smoke during and after delivery.

**2. Section Number:** Form11\_Performance Measure #15**Field Name:** PM15**Row Name:****Column Name:****Year:** 2006**Field Note:**

Loss of professional staff in the Chief Public Health Office and additional mandated responsibilities for the Office of Vital Statistics hampered data collection and analysis in Grant Year 2006. Additional computers for use by the Vital Statistics staff were prepared with the programs and databases needed for keying of birth, death, fetal death, marriage and divorce data. However, during the passage of the FY07 budget act, the responsibilities of marriage license registration were moved from the Department of Revenue and Taxation to the Office of Vital Statistics, to begin January 1, 2007. Unfortunately, no additional funding for staff, equipment, or supplies was budgeted, so the three existing permanent staff had to absorb the registration duties. Space previously used for keying data is now utilized for marriage license registration. The three computers which replaced older ones for vital statistics keying were eventually set up in a rear area of the office space. With the added duties and awkward placement of the computers, the Vital Statistics staff cannot easily move from responding to counter requests to keying data as they had in the past, and little to no keying was completed during the grant year. Requests for augmentation of staff have been answered with the part-time assistance of one person in the Community Work Eligibility Program (CWEP) administered by the Division of Public Welfare.

The Planner/Biostatistician transferred to another Division.

**PERFORMANCE MEASURE # 16**

The rate (per 100,000) of suicide deaths among youths aged 15 through 19.

**Field Level Notes****1. Section Number:** Form11\_State Performance Measure #1**Field Name:** SM1**Row Name:****Column Name:****Year:** 2008**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for women with no prenatal care were not available. The total births stated from the Office of Vital Statistics was 3466.

The data on the women with no prenatal care were obtained by GMHA.

The data source used for 2007 were unknown to the BFHNS Administrator at this time.

**2. Section Number:** Form11\_State Performance Measure #1**Field Name:** SM1**Row Name:****Column Name:****Year:** 2007**Field Note:**

The data for 2006 and 2007 births has not been keyed into the Vital Statistics data files. The 2006 birth year has only had 36% of records keyed, and 2007 has not been started. The primary reason is a continuing lack of staff support for data entry, as well as a continuing lack of staff for the Office of Vital Statistics. In addition to the 40% vacancy rate the Office has had since 1999, they were given additional duties in January 2007 with no provisions made for additional funding or staff. These additional duties (marriage license applications) take up the time that had been used in the past for keying of data. During 2008, for short and sporadic periods, the Office has been able to garner some assistance from student helpers, but this assistance has not been consistent enough to complete the keying of data. The Registrar has requested the use of Community Work Experience Program (CWEP) participants since 2006, but has been told that the program is unable to place any participants in her office, due to a funding shortage in the program. The Registrar has requested clerical assistance from other programs in the Division of Public Health, but these requests have not been responded to.

**3. Section Number:** Form11\_State Performance Measure #1**Field Name:** SM1**Row Name:****Column Name:****Year:** 2006**Field Note:**

Loss of professional staff in the Chief Public Health Office and additional mandated responsibilities for the Office of Vital Statistics hampered data collection and analysis in Grant Year 2006. **FORM 14**  
**LIST OF MCH PRIORITY NEEDS**

[Sec. 505(a)(5)]

**STATE: GU FY: 2010**

Your State's 5-year Needs Assessment should identify the need for preventive and primary care services for pregnant women, mothers, and infants; preventive and primary care services for children and services for Children with Special Health Care Needs. With each year's Block Grant application, provide a list (whether or not the priority needs change) of the top maternal and child health needs in your state. Using simple sentence or phrase, list below your State's needs. Examples of such statements are: "To reduce the barriers to the delivery of care for pregnant women, " and "The infant mortality rate for minorities should be reduced."

MCHB will capture annually every State's top 7 to 10 priority needs in an information system for comparison, tracking, and reporting purposes; you must list at least 7 and no more than 10. Note that the numbers listed below are for computer tracking only and are not meant to indicate priority order. If your State wishes to report more than 10 priority needs, list additional priority needs in a note at the form level.

1. To decrease infant mortality and morbidity, preterm births a low birth weight. To continue to provide prenatal care and early prenatal care classes in all our DPHSS centers
2. To decrease mortality and morbidity among adolescents. To promote awareness of adolescents health and educate on all the risk factors.
3. To decrease intentional and unintentional injuries in the MCH population. To continue to educate on child safety and continue to work with the Car Safety program.
4. To increase care coordination and public awareness for children with special health care needs. To continue the collaboration with GPSS, Special Education division, Guam Head Start program, and with Department of Mental Health & Substance Abuse, and PEDS.
5. To reduce unintended and intended adolescent pregnancies. To continue to educate on family Planning methods and dangers of STD's to adolescents at risk.
6. To reduce unhealthy and risk-taking behavior among adolescents. To continue to coordinate sessions with the "Youth 4 Youth" conference dealing with Maternal Child issues.
7. To assure early identification and referral of substance abuse, domestic violence and child abuse and neglect. To assess and collaborate with CPS on more training on identifying signs of abuse or violence.
8. To assure that all children with special health care needs have a medical home for comprehensive, primary and preventive health care with coordination of all health and support services. To continue to hold SPecial Kids clinic and Speciality clinics to promote CSHHC needs.

**STATE PERFORMANCE AND OUTCOME MEASURE DETAIL SHEET**  
**STATE: GU**

SP # 1

<b>PERFORMANCE MEASURE:</b>	To reduce the percent of pregnant women who received no prenatal care
<b>STATUS:</b>	Active
<b>GOAL</b>	To reduce the percent of pregnant women who received no prenatal care
<b>DEFINITION</b>	<p>Prenatal care is the provision of comprehensive reproductive personal health services to a pregnant women.</p> <p><b>Numerator:</b> The number of births to women who received no prenatal care. 218</p> <p><b>Denominator:</b> The total number of live births. 3,466</p> <p><b>Units:</b> 100    <b>Text:</b> Percent</p>
<b>HEALTHY PEOPLE 2010 OBJECTIVE</b>	<p>16.6 The proportion of pregnant women who receive early and adequate prenatal care.</p> <p>16.6a Early and adequate prenatal care.</p>
<b>DATA SOURCES AND DATA ISSUES</b>	Live birth records
<b>SIGNIFICANCE</b>	Undesirable outcomes of pregnancy result from the lack of prenatal care.

SP # 2

PERFORMANCE MEASURE:	Proportion of low-income women who receive reproductive health/family planning services
STATUS:	Active
GOAL	To improve the health status of women of childbearing age (15-44).
DEFINITION	<p>Title V and Title X family planning clinics provide birth control and other vital health care services to low-income women and teens. Often family planning clinics are the only source of health care for women.</p> <p><b>Numerator:</b> Number of women of low economic status aged 15-44 who receive reproductive and family planning services.</p> <p><b>Denominator:</b> Number of women of low economic status aged 15-44.</p> <p><b>Units:</b> 100   <b>Text:</b> Percent</p>
HEALTHY PEOPLE 2010 OBJECTIVE	By 2010, increase the proportion of pregnancies that are intended.
DATA SOURCES AND DATA ISSUES	Family Planning Program data.
SIGNIFICANCE	Unintended pregnancy is a serious public health issue and is costly. Providing family planning services results in substantial savings in both human and fiscal terms.

SP #     3    

**PERFORMANCE MEASURE:**

Percent of women who use alcohol, tobacco and other drugs during pregnancy

**STATUS:**

Active

**GOAL**

To decrease the percentage of women who alcohol, tobacco and other drugs during pregnancy

**DEFINITION**

Use of tobacco, alcohol and other drugs during pregnancy is injurious to the fetus and profoundly affects pregnancy outcomes

**Numerator:**

The number of women who use alcohol, tobacco and other drugs during pregnancy

**Denominator:**

The number of occurent births in the calendar year

**Units:** 100   **Text:** Percent

**HEALTHY PEOPLE 2010 OBJECTIVE**

14.0

Increase abstinence from tobacco by pregnant women to at least 90%.

**DATA SOURCES AND DATA ISSUES**

Guam Vital Statistics

**SIGNIFICANCE**

Health professionals concur that tobacco, alcohol and other drug use is injurious to the fetus during pregnancy

SP # <u>4</u>	
PERFORMANCE MEASURE:	Percent of children younger than 18 years maltreated/neglected.
STATUS:	Active
GOAL	To reduce the incidence of maltreated and/or neglect of children younger than age 18 years.
DEFINITION	<p><b>Numerator:</b> Number children younger than age 18 years maltreated and/or neglected per 1,000 children in the State.</p> <p><b>Denominator:</b> All children in the State younger than age 18 years.</p> <p><b>Units:</b> 100    <b>Text:</b> Percent</p>
HEALTHY PEOPLE 2010 OBJECTIVE	
DATA SOURCES AND DATA ISSUES	Bureau of Social Services Data Systems, Guam Police Department, Guam Memorial Hospital Authority, Vital records
SIGNIFICANCE	The number of reported cases of child abuse and neglect has been increasing steadily in the last several years.

SP # <u>5</u>	
PERFORMANCE MEASURE:	The prevalence of partner violence in adolescent relationships
STATUS:	Active
GOAL	To build healthy relationships
DEFINITION	<p>The prevalence of partner violence in adolescent relationships</p> <p><b>Numerator:</b> The number of high school students that respond affirmatively to the questions "During the past 12 months, did your boy/girl friend ever hit, slap or physically hurt you on purpose?"</p> <p><b>Denominator:</b> The number of high school students that respond to the questions "During the past 12 months, did your boy/girl friend ever hit, slap or physically hurt you on purpose?"</p> <p><b>Units:</b> 100    <b>Text:</b> Percent</p>
HEALTHY PEOPLE 2010 OBJECTIVE	
DATA SOURCES AND DATA ISSUES	YRBS
SIGNIFICANCE	Young people who are involved in abusive relationships often continue this destructive pattern of behavior into adulthood.

SP # 6

**PERFORMANCE MEASURE:**

The percent of high school students who have engaged in sexual intercourse

**STATUS:**

Active

**GOAL**

To reduce the percent of high school students who have engaged in sexual intercourse

**DEFINITION**

The percent of high school students who have engaged in sexual intercourse

**Numerator:**

Number of high school youth that respond affirmatively that they have engaged in sexual intercourse

**Denominator:**

Total Number of high school youth that respond that they have engaged in sexual intercourse

**Units:** 100 **Text:** Percent

**HEALTHY PEOPLE 2010 OBJECTIVE**

By 2010, reduce pregnancies among adolescent females to no more than 46 pregnancies per 1,000.

**DATA SOURCES AND DATA ISSUES**

YRBS

**SIGNIFICANCE**

Adolescent pregnancy is one of the most pressing and persistent problems facing society. Pregnancy in adolescence may be associated with inadequate prenatal care, higher rates of low birth weight and infant mortality and repeat pregnancies during the teen years. Children born to an adolescent mother are more likely to encounter additional health risks compared with children born to non-teenage mothers. In addition, teen parenthood is associated with poverty, high costs of health care and public assistance and low educational attainment.

SP # 7

**PERFORMANCE MEASURE:**

The percent of high school students who are overweight

**STATUS:**

Active

**GOAL**

To increase the percentage of adolescents making healthy nutritional and lifestyle choices and to reduce morbidity associated with body image issues

**DEFINITION**

The percent of high school students who are overweight

**Numerator:**

Number of high school youth that respond affirmatively to being overweight

**Denominator:**

Number of high school youth that respond to being overweight

**Units:** 100 **Text:** Percent

**HEALTHY PEOPLE 2010 OBJECTIVE**

By 2010, reduce the proportion of children aged 6 to 11 and youth aged 12 to 19 who are overweight or obese to 5%.

**DATA SOURCES AND DATA ISSUES**

YRBS

**SIGNIFICANCE**

Dramatic increases in childhood overweight have occurred in the recent decades. Pediatric overweight has a profound effect on physical, mental, emotional and social development of children. Furthermore, childhood overweight is associated with developing into adult overweight. Overweight youth have an estimated 70-80% chance of becoming obese adults.

SP # <u>8</u>	
<b>PERFORMANCE MEASURE:</b>	Percent of Children with Special Health Care Needs (CSHCN) who have age appropriate completed immunizations
<b>STATUS:</b>	Active
<b>GOAL</b>	To assure that all CSHCN have age appropriate completed immunisations
<b>DEFINITION</b>	<p>Percent of Children with Special Health Care Needs (CSHCN) who have age appropriate completed immunisations</p> <p><b>Numerator:</b> Number of CSHCN who have age appropriate completed immunisations</p> <p><b>Denominator:</b> Total number of CSHCN in the CSHCN Registry</p> <p><b>Units:</b> 100    <b>Text:</b> Percent</p>
<b>HEALTHY PEOPLE 2010 OBJECTIVE</b>	
<b>DATA SOURCES AND DATA ISSUES</b>	Guam CSHCN Registry
<b>SIGNIFICANCE</b>	Infectious disease remain impoprtant causes of preventable illness in the U.S. despite significant reductions in incidence in the past years.

SO # <u>1</u>	
OUTCOME MEASURE:	The fetal death rate per 1,000 live births.
STATUS:	Active
GOAL	To reduce the number of fetal deaths.
DEFINITION	<p><b>Numerator:</b> Number of fetal deaths greater than 20 weeks gestation.</p> <p><b>Denominator:</b> Live births + fetal deaths.</p> <p><b>Units:</b> 100   <b>Text:</b> Percent</p>
HEALTHY PEOPLE 2010 OBJECTIVE	
DATA SOURCES AND DATA ISSUES	Vital records.
SIGNIFICANCE	Fetal mortality is a reflection of the health of the pregnant woman and newborn and reflects the pregnancy environment.

**FORM NOTES FOR FORM 16**

None

**FIELD LEVEL NOTES**

None

**FORM 17**  
**HEALTH SYSTEMS CAPACITY INDICATORS**  
**FORMS FOR HSCI 01 THROUGH 04, 07 & 08 - MULTI-YEAR DATA**  
**STATE: GU**

**Form Level Notes for Form 17**

Data collected from Guam Memorial Hospital Authority, the data stated has increased, related to parents lacking insurance and increase smoking within the child's environment. the DPHSS Vital Statistics Office data is not all available at this time of reporting, so data is still Provisional.

**HEALTH SYSTEMS CAPACITY MEASURE # 01**

The rate of children hospitalized for asthma (ICD-9 Codes: 493.0 -493.9) per 10,000 children less than five years of age.

	2004	2005	<u>Annual Indicator Data</u>		
			2006	2007	2008
<b>Annual Indicator</b>	372.0	95.8	116.6	148.0	161.7
<b>Numerator</b>	632	159	188	236	252
<b>Denominator</b>	16,990	16,590	16,122	15,942	15,589

Check this box if you cannot report the numerator because  
 1. There are fewer than 5 events over the last year, and  
 2. The average number of events over the last 3 years is fewer than 5 and therefore a 3-year moving average cannot be applied.

(Explain data in a year note. See Guidance, Appendix IX.)

Yes

Yes

Provisional

Provisional

**Field Level Notes**

1. **Section Number:** Form17\_Health Systems Capacity Indicator #03

**Field Name:** HSC03

**Row Name:**

**Column Name:**

**Year:** 2008

**Field Note:**

The data presented is from the Department of Public Health & Social Services, Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office.

2. **Section Number:** Form17\_Health Systems Capacity Indicator #03

**Field Name:** HSC03

**Row Name:**

**Column Name:**

**Year:** 2007

**Field Note:**

The SCHIP benefits became available to Guam in 1998. This program allows States and territories to choose from three different options when creating a plan to cover under-served children. These are: establishing a new children's health insurance program, expanding current Medicaid programs, or a combination of both strategies. Currently, Guam is using its allotment to expand Medicaid eligibility.

Information for HSCI was obtained from Medicaid form HCFA 416 the Annual EPSDT Participation Report. Based on the data provided, it seem that most individuals enrolled are receiving some periodic screening. However, the consistency and quality of the screening and the thoroughness of referrals, follow-up and treatment are areas of concern. A number of programs (MCH, WIC, Early Intervention, etc.) work to assure that all infants, including those on Medicaid receive comprehensive screening and referrals.

3. **Section Number:** Form17\_Health Systems Capacity Indicator #03

**Field Name:** HSC03

**Row Name:**

**Column Name:**

**Year:** 2006

**Field Note:**

This HSCI is not fully applicable to Guam, due to the Medicaid cap. Unlike the funding received by U.S. states, the Medicaid and SCHIP funding are capped. Guam receives a maximum of \$6.68 million a year.

**HEALTH SYSTEMS CAPACITY MEASURE # 04**

The percent of women (15 through 44) with a live birth during the reporting year whose observed to expected prenatal visits are greater than or equal to 80 percent on the Kotelchuck Index.

		<u>Annual Indicator Data</u>			
	2004	2005	2006	2007	2008
Annual Indicator	0.0	0.0	0.0	0.0	
Numerator	0	0	0	0	
Denominator	1	37,497	37,848	38,178	
Check this box if you cannot report the numerator because 1. There are fewer than 5 events over the last year, and 2. The average number of events over the last 3 years is fewer than 5 and therefore a 3-year moving average cannot be applied. (Explain data in a year note. See Guidance, Appendix IX.)					
Is the Data Provisional or Final?				Provisional	Provisional

**Field Level Notes****1. Section Number:** Form17\_Health Systems Capacity Indicator #04**Field Name:** HSC04**Row Name:****Column Name:****Year:** 2008**Field Note:**

No data was enter because at the beginning of 2007 MCH Annual Report, the Pacific Basin Jurisdictions may have changed to the World Health Organization (WHO) standard rather than the Kotelchuck Index to report indicator data for HSCI04. The WHO standard recommends as essential that pregnant women make four prenatal care visits.

Also due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not available at this time. One staff was hired recently and detailed staff from different areas are assisting the Vital Statistics at this time.

An estimated amount of amount of 15 - 44 years women with live births at GMHA in 2008 were 2,207

**2. Section Number:** Form17\_Health Systems Capacity Indicator #04**Field Name:** HSC04**Row Name:****Column Name:****Year:** 2007**Field Note:**

**Column Name:**  
**Year:** 2010  
**Field Note:**  
The data presented is from the Guam Department of Public Health & Social Services, Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office.
2. **Section Number:** Form18\_Indicator 06 - Medicaid  
**Field Name:** Med\_Children  
**Row Name:** Medicaid Children  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The data presented is from the Guam Department of Public Health & Social Services, Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office.
3. **Section Number:** Form18\_Indicator 06 - Medicaid  
**Field Name:** Med\_Women  
**Row Name:** Pregnant Women  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The data presented is from the Guam Department of Public Health & Social Services, Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office.
4. **Section Number:** Form18\_Indicator 06 - SCHIP  
**Field Name:** SCHIP\_Infant  
**Row Name:** Infants  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The data presented is from the Guam Department of Public Health & Social Services, Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office.
5. **Section Number:** Form18\_Indicator 06 - SCHIP  
**Field Name:** SCHIP\_Children  
**Row Name:** SCHIP Children  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The data presented is from the Guam Department of Public Health & Social Services, Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office.
6. **Section Number:** Form18\_Indicator 06 - SCHIP  
**Field Name:** SCHIP\_Women  
**Row Name:** Pregnant Women  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The data presented is from the Guam Department of Public Health & Social Services, Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office.
7. **Section Number:** Form18\_Indicator 05  
**Field Name:** LowBirthWeight  
**Row Name:** Percent of ow birth weight (<2,500 grams)  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
Also due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not available at this time. One staff was hired recently and detailed staff from different areas are assisting the Vital Statistics Office at this time.  
  
The data was not able to be obtained at this time from the Guam Department of Public Health & Social Services (DPHSS), Division of Public Welfare, State Office on Public Welfare (DPW), Bureau of Health Care Financing (BHCF) Office because the data can not be collected if the percentage of the infant of low birth weight (less than 2,500 grams) was not available. But the BHCF Administrator can obtain it if the the percentage was available.  
  
GMHA reported in 2008 and estimate of 46 infants less than 2,500 grams which is only provisional data.
8. **Section Number:** Form18\_Indicator 05  
**Field Name:** InfantDeath  
**Row Name:** Infant deaths per 1,000 live births  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
Also due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not available at this time. One staff was hired recently and detailed staff from different areas are assisting the Vital Statistics Office at this time.  
  
The data was not able to be obtained at this time from the Guam Department of Public Health & Social Services (DPHSS), Division of Public Welfare, State Office on Public Welfare (DPW), Bureau of Health Care Financing (BHCF) Office because the data can not be collected if the percentage of the infant deaths was not available. But the BHCF Administrator can obtain if the the percentage was available.  
  
GMHA reported in 2008 and estimate of 7 infant deaths which is only provisional data.
9. **Section Number:** Form18\_Indicator 05

**Field Name:** CareFirstTrimester

**Row Name:** Percent of infants born to pregnant women receiving prenatal care beginning in the first trimester

**Column Name:**

**Year:** 2010

**Field Note:**

Also due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not available at this time. One staff was hired recently and detailed staff from different areas are assisting the Vital Statistics Office at this time.

The data was not able to be obtained at this time from the Guam Department of Public Health & Social Services (DPHSS), Division of Public Welfare, State Office on Public Welfare(DPW), Bureau of Health Care Financing (BHCF) Office because the data can not be collected if the percentage of the infants born to pregnant women receiving prenatal care beginning in the first trimester was not available. But the BHCF Administrator can obtain if the the percentage was available.

GMHA reported in 2008 and estimate of 1,023 infants born to pregnant women receiving prenatal care beginning in the first trimester which is only provisional data.

**10. Section Number:** Form18\_Indicator 05

**Field Name:** AdequateCare

**Row Name:** Percent of pregnant women with adequate prenatal care

**Column Name:**

**Year:** 2010

**Field Note:**

GMH reported in 2008 and estimate of 1,023 infants born to pregnant women receiving prenatal care beginning in the first trimester which is only provisional data.

As for pregnant women with adequate prenatal care, GMH was not able to provide any data.

**FORM 19**

**STATE: GU**

DATA SOURCES	Does your state participate in the YRBS survey? (Select 1 - 3)*	Does your MCH program have direct access to the state YRBS database for analysis? (Select Y/N)
Youth Risk Behavior Survey (YRBS)	3	Yes
Other:		

\*Where:  
1 = No  
2 = Yes, the State participates but the sample size is not large enough for valid statewide estimates for this age group.  
3 = Yes, the State participates and the sample size is large enough for valid statewide estimates for this age group.

<b>Notes:</b>
1. HEALTH SYSTEMS CAPACITY INDICATOR #09B was formerly reported as Developmental Health Status Indicator #05.

## FORM NOTES FOR FORM 19

DPHSS Family Planning Program Coordinator III is part of the Committee that studies the YRBS results and together plan activities with different agencies to assist these youths to decrease risk factors and improve youth programs on Guam.

DPHSS, GEHID Child Link, GMHA, and CEDDARS are in the process of forming meetings to coordinator a pilot study on linking Child Link data system with GMHA and DPHSS in processing data electronically into the Birth Certificates..

### FIELD LEVEL NOTES

1. **Section Number:** Form19\_Indicator 09A  
**Field Name:** BAD  
**Row Name:** Annual linkage of infant birth and infant death certificates  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
Due to the shortage of Staff in the DPHSS Vital Statistics Office and the data is not always available to be report on time.
2. **Section Number:** Form19\_Indicator 09A  
**Field Name:** BAW  
**Row Name:** Annual linkage of birth certificates and WIC eligibility files  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
BFHNS Administrator has established a direct contact the WIC Administrator who directs her to the personnel responsible to the WIC eligibility files, but requests must be made prior to obtaining the data.  
  
And the DPHSS Vital Statistics Office still has a shortage of staff but are working on the data inputting slowly. so again data is not always available, but Official Birth certificates are available..
3. **Section Number:** Form19\_Indicator 09A  
**Field Name:** BAN  
**Row Name:** Annual linkage of birth certificates and newborn screening files  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The Newborn Screening Program was restarted in March 1, 2008 and is managed with BFHNS MCH Program and data is available in an electronic tracking system and in printed documents.  
  
The DPHSS Office of Vital Statistics have the birth Certificates in hard copy and working on Electronic Birth Certificates with GMHA and Child Link ssystem from the GEHID program.
4. **Section Number:** Form19\_Indicator 09A  
**Field Name:** Discharge  
**Row Name:** Hospital discharge survey for at least 90% of in-State discharges  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The coordination of gathering data from GMHA is being established and working on the request for data process with GMHA planners.
5. **Section Number:** Form19\_Indicator 09A  
**Field Name:** BirthDefects  
**Row Name:** Annual birth defects surveillance system  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
Thia birth defects surveillance system is not wstablish yet with the MCH Program.
6. **Section Number:** Form19\_Indicator 09A  
**Field Name:** RecentMother  
**Row Name:** Survey of recent mothers at least every two years (like PRAMS)  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The Guam MCH Program has not establish a linkage to the Survey of recent mothers at least two years.
7. **Section Number:** Form19\_Indicator 09B  
**Field Name:** YRBSS\_09B  
**Row Name:** Youth Risk Behavior Survey (YRBS)  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
The last YRBS survey was done in 2007 and next survey will be done 2009, and the 2007 survey had the youths in the GPSS high schools and a total of 1716 students. participated.
8. **Section Number:** Form19\_Indicator 09A  
**Field Name:** BAM  
**Row Name:** Annual linkage of birth certificates and Medicaid Eligibility or Paid Claims Files  
**Column Name:**  
**Year:** 2010  
**Field Note:**  
BFHNS Administrator has established a direct contact for Medicaid Eligibility or Paid Claims Files and with Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Administrator who has direct access to the files..

**FORM 20**  
**HEALTH STATUS INDICATORS #01-#05**  
**MULTI-YEAR DATA**  
**STATE: GU**

**Form Level Notes for Form 11**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. But total births for 2008 were reported on time but no other data was provided at this time.

**HEALTH STATUS INDICATOR MEASURE # 01A**

The percent of live births weighing less than 2,500 grams.

	Annual Indicator Data				
	2004	2005	2006	2007	2008
Annual Indicator	8.5	9.1	0.0	0.9	1.3
Numerator	290	291	0	30	46
Denominator	3,427	3,203	2,914	3,501	3,466

Check this box if you cannot report the numerator because  
 1. There are fewer than 5 events over the last year, and  
 2. The average number of events over the last 3 years is fewer than 5 and therefore a 3-year moving average cannot be applied.

(Explain data in a year note. See Guidance, Appendix IX.)

Is the Data Provisional or Final?

Provisional

Provisional

**Field Level Notes**

**1. Section Number:** Form20\_Health Status Indicator #01A

**Field Name:** HSI01A

**Row Name:**

**Column Name:**

**Year:** 2008

**Field Note:**

Data used for the infants less than 2,500 grams are from Guam Memorial Hospital Authority and the data on 2008 total births are from the DPHSS Vital Statistics Office.

**2. Section Number:** Form20\_Health Status Indicator #01A

**Field Name:** HSI01A

**Row Name:**

**Column Name:**

**Year:** 2007

**Field Note:**

The Community Health Centers are using Health Pro data to measure first trimester entry into prenatal care. In 2006, 11.6% of pregnant women received care in the first trimester of their pregnancy; this is down from 13.5% and 14.8% for the years 2004 and 2005 respectively. Women from the Federated States of Micronesia had an entry rate of 9.2% for 2005 and 10.2 in 2006. The Community Health Centers anticipates that because of a part-time OB/GYN physician working additional hours there will be a gradual increase in the percent of women.

**3. Section Number:** Form20\_Health Status Indicator #01A

**Field Name:** HSI01A

**Row Name:**

**Column Name:**

**Year:** 2006

**Field Note:**

Loss of professional staff in the Chief Public Health Office and additional mandated responsibilities for the Office of Vital Statistics hampered data collection and analysis in Grant Year 2006. Additional computers for use by the Vital Statistics staff were prepared with the programs and databases needed for keying of birth, death, fetal death, marriage and divorce data. However, during the passage of the FY07 budget act, the responsibilities of marriage license registration were moved from the Department of Revenue and Taxation to the Office of Vital Statistics, to begin January 1, 2007. Unfortunately, no additional funding for staff, equipment, or supplies was budgeted, so the three existing permanent staff had to absorb the registration duties. Space previously used for keying data is now utilized for marriage license registration. The three computers which replaced older ones for vital statistics keying were eventually set up in a rear area of the office space. With the added duties and awkward placement of the computers, the Vital Statistics staff cannot easily move from responding to counter requests to keying data as they had in the past, and little to no keying was completed during the grant year. Requests for augmentation of staff have been answered with the part-time assistance of one person in the Community Work Eligibility Program (CWEP) administered by the Division of Public Welfare.

The Planner/Biostatistician transferred to another Division

**HEALTH STATUS INDICATOR MEASURE # 01B**

The percent of live singleton births weighing less than 2,500 grams.

		Annual Indicator Data				
	2004	2005	2006	2007	2008

Is the Data Provisional or Final?				Provisional	Provisional	

**Field Level Notes****1. Section Number:** Form20\_Health Status Indicator #01B**Field Name:** HSI01B**Row Name:****Column Name:****Year:** 2008**Field Note:**

Data used for the infants less than 2,500 grams are from Guam Memorial Hospital Authority and the data on 2008 total births are from the DPHSS Vital Statistics Office.

**2. Section Number:** Form20\_Health Status Indicator #01B**Field Name:** HSI01B**Row Name:****Column Name:****Year:** 2007**Field Note:**

The data for 2006 and 2007 births has not been keyed into the Vital Statistics data files. The 2006 birth year has only had 36% of records keyed, and 2007 has not been started. The primary reason is a continuing lack of staff support for data entry, as well as a continuing lack of staff for the Office of Vital Statistics. In addition to the 40% vacancy rate the Office has had since 1999, they were given additional duties in January 2007 with no provisions made for additional funding or staff. These additional duties (marriage license applications) take up the time that had been used in the past for keying of data. During 2008, for short and sporadic periods, the Office has been able to garner some assistance from student helpers, but this assistance has not been consistent enough to complete the keying of data. The Registrar has requested the use of Community Work Experience Program (CWEP) participants since 2006, but has been told that the program is unable to place any participants in her office, due to a funding shortage in the program. The Registrar has requested clerical assistance from other programs in the Division of Public Health, but these requests have not been responded to.

**3. Section Number:** Form20\_Health Status Indicator #01B**Field Name:** HSI01B**Row Name:****Column Name:****Year:** 2006**Field Note:**

(Explain data in a year note. See Guidance, Appendix IX.)					
<b>Is the Data Provisional or Final?</b>				Provisional	Provisional

**Field Level Notes****1. Section Number:** Form20\_Health Status Indicator #02A**Field Name:** HSI02A**Row Name:****Column Name:****Year:** 2008**Field Note:**

Data used for the infants less than 1,500 grams are from Guam Memorial Hospital Authority and the data on 2008 total births are from the DPHSS Vital Statistics Office.

**2. Section Number:** Form20\_Health Status Indicator #02A**Field Name:** HSI02A**Row Name:****Column Name:****Year:** 2007**Field Note:**

The data for 2006 and 2007 births has not been keyed into the Vital Statistics data files. The 2006 birth year has only had 36% of records keyed, and 2007 has not been started. The primary reason is a continuing lack of staff support for data entry, as well as a continuing lack of staff for the Office of Vital Statistics. In addition to the 40% vacancy rate the Office has had since 1999, they were given additional duties in January 2007 with no provisions made for additional funding or staff. These additional duties (marriage license applications) take up the time that had been used in the past for keying of data. During 2008, for short and sporadic periods, the Office has been able to garner some assistance from student helpers, but this assistance has not been consistent enough to complete the keying of data. The Registrar has requested the use of Community Work Experience Program (CWEP) participants since 2006, but has been told that the program is unable to place any participants in her office, due to a funding shortage in the program. The Registrar has requested clerical assistance from other programs in the Division of Public Health, but these requests have not been responded to.

**3. Section Number:** Form20\_Health Status Indicator #02A**Field Name:** HSI02A**Row Name:****Column Name:****Year:** 2006**Field Note:**

Loss of professional staff in the Chief Public Health Office and additional mandated responsibilities for the Office of Vital Statistics hampered data collection and analysis in Grant Year 2006. Additional computers for use by the Vital Statistics staff were prepared with the programs and databases needed for keying of birth, death, fetal death, marriage and divorce data. However, during the passage of the FY07 budget act, the responsibilities of marriage license registration were moved from the Department of Revenue and Taxation to the Office of Vital Statistics, to begin January 1, 2007. Unfortunately, no additional funding for staff, equipment, or supplies was budgeted, so the three existing permanent staff had to absorb the registration duties. Space previously used for keying data is now utilized for marriage license registration. The three computers which replaced older ones for vital statistics keying were eventually set up in a rear area of the office space. With the added duties and awkward placement of the computers, the Vital Statistics staff cannot easily move from responding to counter requests to keying data as they had in the past, and little to no keying was completed during the grant year. Requests for augmentation of staff have been answered with the part-time assistance of one person in the Community Work Eligibility Program (CWEP) administered by the Division of Public Welfare.

Is the Data Provisional or Final?				Provisional	Provisional

**Field Level Notes****1. Section Number:** Form20\_Health Status Indicator #04C**Field Name:** HSI04C**Row Name:****Column Name:****Year:** 2008**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of youths aged 15 - 24 years of age were not available at this time. But an estimated amount of youths between the ages of 15 - 24 years from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 28,934.

The DPW Office of Highway Safety, Guam Police Department, EMC Office, and Guam Fire Department did not have the data available at this time. Plan for year BFHNS Office will establish a Memo to be sent out in January to inform them what data can be collected and when the due date is set on, to obtain that data from them for the next Annual Report.

Also 2008 total number of youth of 15 - 24 years of age, due to the recent transfer of the MCH Program Coordinator IV, the present BFHNS Administrator is unaware where the PC IV obtained even with the statement of the Staff Shortage of the Office of Vital Statistics.

**2. Section Number:** Form20\_Health Status Indicator #04C**Field Name:** HSI04C**Row Name:****Column Name:****Year:** 2007**Field Note:**

The data for 2006 and 2007 births has not been keyed into the Vital Statistics data files. The 2006 birth year has only had 36% of records keyed, and 2007 has not been started. The primary reason is a continuing lack of staff support for data entry, as well as a continuing lack of staff for the Office of Vital Statistics. In addition to the 40% vacancy rate the Office has had since 1999, they were given additional duties in January 2007 with no provisions made for additional funding or staff. These additional duties (marriage license applications) take up the time that had been used in the past for keying of data. During 2008, for short and sporadic periods, the Office has been able to garner some assistance from student helpers, but this assistance has not been consistent enough to complete the keying of data. The Registrar has requested the use of Community Work Experience Program (CWEP) participants since 2006, but has been told that the program is unable to place any participants in her office, due to a funding shortage in the program. The Registrar has requested clerical assistance from other programs in the Division of Public Health, but these requests have not been responded to.

**3. Section Number:** Form20\_Health Status Indicator #04C**Field Name:** HSI04C**Row Name:****Column Name:****Year:** 2006**Field Note:**

Loss of professional staff in the Chief Public Health Office and additional mandated responsibilities for the Office of Vital Statistics hampered data collection and analysis in Grant Year 2006. Additional computers for use by the Vital Statistics staff were prepared with the programs and databases needed for keying of birth, death, fetal death, marriage and divorce data. However, during the passage of the FY07 budget act, the responsibilities of marriage license registration were moved from the Department of Revenue and Taxation to the Office of Vital Statistics, to begin January 1, 2007. Unfortunately, no additional funding for staff, equipment, or supplies was budgeted, so the three existing permanent staff had to absorb the registration duties. Space previously used for keying data is now utilized for marriage license registration. The three computers which replaced older ones for vital statistics keying were eventually set up in a rear area of the office space. With the added duties and awkward placement of the computers, the Vital Statistics staff cannot easily move from responding to counter requests to keying data as they had in the past, and little to no keying was completed during the grant year. Requests for augmentation of staff have been answered with the part-time assistance of one person in the Community Work Eligibility Program (CWEP) administered by the Division of Public Welfare.

The Planner/Biostatistician transferred to another Division

**HEALTH STATUS INDICATOR MEASURE # 05A**

The rate per 1,000 women aged 15 through 19 years with a reported case of chlamydia.

		<b>Annual Indicator Data</b>			
	<b>2004</b>	<b>2005</b>	<b>2006</b>	<b>2007</b>	<b>2008</b>
<b>Annual Indicator</b>	<u>53.9</u>	<u>52.9</u>	<u>0.0</u>	<u>47.4</u>	<u></u>
<b>Numerator</b>	<u>228</u>	<u>231</u>	<u>0</u>	<u>213</u>	<u></u>
<b>Denominator</b>	<u>4,230</u>	<u>4,365</u>	<u>4,496</u>	<u>4,496</u>	<u></u>

Check this box if you cannot report the numerator because  
 1. There are fewer than 5 events over the last year, and  
 2. The average number of events over the last 3 years is fewer than 5 and therefore a 3-year moving average cannot be applied.

(Explain data in a year note. See Guidance, Appendix IX.)

Is the Data Provisional or Final?

Provisional

**Field Level Notes**

1. **Section Number:** Form20\_Health Status Indicator #05A

**Field Name:** HSI05A

**Row Name:**

**Column Name:**

**Year:** 2008

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of women 15-9 years of age were not available at this time. But an estimated amount of women between the ages of 15-19 years from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 7,587.

The number of Chlamydia reported for 2008 in women were 578 cases from the DPHSS BCDC STD/HIV Program Reportable Cases Report. The report could not break down the Chlamydia by ages so we could not state it on the data field. So the data is still Provisional.

2. **Section Number:** Form20\_Health Status Indicator #05A

**Field Name:** HSI05A

**Row Name:**

**Column Name:**

**Year:** 2007

**Field Note:**

The numerator is both male and female cases.

## FORM NOTES FOR FORM 21

At this time the Poverty Level has not been reported for 2008 population.

At this time DPHSS due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. But total births for 2008 were reported on time but no other data was provided at this time.

Using data of 2007 for both parts A and B because 2008 data is not available

The DPHSS are in the process in working on a pilot study between GMHA, DPHSS, and GEHID Child Link program, to assist the DPHSS in establishing Electronic Birth Certificates.

Also the DPHSS BFHNS are collecting data on the number of encounters and their ethnicity, but we do not collect on ages upon visit. BFHNS will plan to implement this into the data collection document. We are working with the Child Link program and the WEBIZ Immunization Program, we will plan to work on a solution to obtain this data on the next Reporting year. Also the The data presented is from the Division of Public Welfare, State Office on Public Welfare, Bureau of Health Care Financing Office does not collect all this ethnicity data also.

### FIELD LEVEL NOTES

**1. Section Number:** Form21\_Indicator 06A

**Field Name:** S06\_Race\_Infants

**Row Name:** Infants 0 to 1

**Column Name:**

**Year:** 2010

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of infants 0 - 1 year of age and the ethnicity were not available at this time.

**2. Section Number:** Form21\_Indicator 06A

**Field Name:** S06\_Race\_Children1to4

**Row Name:** children 1 through 4

**Column Name:**

**Year:** 2010

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of children 1-4 years of age and the ethnicity were not available at this time.

But an estimated amount of children 1 - 4 years of age from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 15,950.

**3. Section Number:** Form21\_Indicator 06A

**Field Name:** S06\_Race\_Children5to9

**Row Name:** children 5 through 9

**Column Name:**

**Year:** 2010

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of children 5 - 9 years of age and the ethnicity were not available at this time.

But an estimated amount of children 5 - 9 years of age from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 17,172.

**4. Section Number:** Form21\_Indicator 06A

**Field Name:** S06\_Race\_Children10to14

**Row Name:** children 10 through 14

**Column Name:**

**Year:** 2010

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of children 10 - 14 years of age and the ethnicity were not available at this time.

But an estimated amount of children 110 -14 years of age from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 16,433.

**5. Section Number:** Form21\_Indicator 06A

**Field Name:** S06\_Race\_Children15to19

**Row Name:** children 15 through 19

**Column Name:**

**Year:** 2010

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of children 15 - 19 years of age and the ethnicity were not available at this time.

But an estimated amount of children 15 - 19 years of age from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 15,498.

**6. Section Number:** Form21\_Indicator 06A

**Field Name:** S06\_Race\_Children20to24

**Row Name:** children 20 through 24

**Column Name:**

**Year:** 2010

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of children 20 - 24years of age and the ethnicity were not available at this time.

But an estimated amount of children 20 - 24 years of age from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 13,438.

**7. Section Number:** Form21\_Indicator 06B

**Field Name:** S06\_Ethnicity\_Infants

**Row Name:** Infants 0 to 1

**Column Name:**

**Year:** 2010

**Field Note:**

Due to the lack of staff at the DPHSS Office of Vital Statistics, they were not able to key in data for 2008, the Official data needed for 2008 MCH Annual Report were not all available at this time. One staff was hired recently and other staff from different areas of DPHSS is assisting the Vital Statistics at this time. So the data for total number of children 1-4 years of age and the ethnicity were not available at this time.

But an estimated amount of children 1 - 4 years of age from the 2000 Census of Population and Housing Guam, International Programs Center, U.S. Census Bureau, was 15,950.

**8. Section Number:** Form21\_Indicator 06B

**Field Name:** S06\_Ethnicity\_Children1to4

**Row Name:** children 1 through 4

**Column Name:**

**Year:** 2010

**Field Note:**
